Certification Information

Product or Brand Name:

Brief description of product:

Where is the product produced? Designated Facility? Shared Kitchen? Home Kitchen?

Are there other products produced in the same facility?

Are there other products produced on same equipment?

Number of locations product produced:

Has your product or facility sought kosher certification before?

Ingredients

Please list all the ingredients used in manufacturing of the product(s) to be certified on spreadsheet found on page 2. (Identify ingredients such as antioxidants, anti-foam/caking, artificial flavoring, coloring, derivatives, emulsifiers, gelling agents, preservatives, and shortening. Include belt releases, Parchment paper etc)

Manufacturing Process

Please briefly describe how the product is made. Include type of equipment and the different temperatures used throughout the process in the description. Optional - draw a flowchart process.

Certification Process

Buckeye Kosher will review the application and may need to further communicate with the company contact for additional information. Buckeye Kosher will complete its assessment with an initial tour of the facility where the product(s) is made before submitting a Kosher program proposal.

This application does not indicate any commitment by the applicant or by Buckeye Kosher until a contract has been signed by both parties.

All information in this application will be treated as confidential. None of the information therein will be divulged to any person, partnership, association and corporation.

Please include a \$25 application fee. Checks may be made out to Buckeye Kosher.
